Army Public School Chandimandir cantt Panchkula, Class 12 (Intermediate)

2020-2021

SKILLS

Technical Skills HTML, CSS, JAVA, BOOTSTRAP, DSA

Soft Skills Adaptability, Problem solving, Time Management, Continuous Learning

PROJECTS:

Portfolio Website

1. Designed and developed a personal portfolio website to showcase skills, projects, and experiences.
2. Utilized HTML, CSS and Bootstrap to create a responsive and visually appealing website.
3. Integrated a contact form, blog section and project showcase to provide comprehensive information to visitors.
4. Continuously updated the website with new project and blogs to showcase ongoing growth and development.

Amazon Clone

1. Utilizing HTML and CSS: This project allowed me to practice and apply the fundamentals of HTML and CSS in a development setting. I gained hands-on experience by creating and styling web pages.
2. Exploring Best Practices: I discovered that while learning the basics, it is important to recognize that there are alternative tags and attributes that can be used. This understanding encouraged me to explore different options and evaluate which practices align best with industry standards.
3. Leveraging Online Resources: During the development process, I found that utilizing online resources played a vital role in optimizing my code. By referring to relevant online references, I enhanced my ability to write efficient and effective code.

EXTRA-CURRICULAR ACTIVITIES

- Actively write blog post in my portfolio website. Telling what I have learned from the projects and any other topics.
 - Play new games on pc and mobiles. and read self-help book.
-
